### BLOEMFONTEIN COURANT

and everyone who sent us well wishes for our 20th birthday. Follow us on Facebook to stay up to date with all our 20th Birthday Specials.

# CUSTOMER LOYALTY IS PRICELESS SINCE 2002

RODENBECK SLAGPALE

Rodenbeck Abattoirs and Cutting Plants in Bloemfontein offers reliable and efficient services. They located on the De Wets Dorp Road

Westdene Fruiterers, started by Carlos (Senior) is currently owned and run by Carlos (Junior) and Frankie Achadinha. It started out as a fruit and vegetable shop and expanded to sell a selection of groceries as well. When the shop was around 18 years old, it expanded further to offer a bakery and deli section.

WESTDENE FRUITERES

SIGNO STATIONERS

Signo is one of the largest art shops in the Free State and Northern Cape. After 31 years Signo found more suitable premises at 23 General Dan Pienaar Drive, with private parking for their customers. Signo is a family run retail business with Allen managing the print room and admin and Maria runs the sales and buying.

## *Dear Bloemsee Clients*

Thank you for your continuous support and loyalty. For you are the Direct Reason for our success, we are truly humbled and honoured.

Wilgehof Butchery also known as Gys Die Slagter in Wilgehof. Thank you for all the years support.

# TENURED EMPLOYEES

Bloemsec is in my blood after all these years of working here. I am privileged that my brother (Willie) asked me to come work for Bloemsec and enjoy every moment of it. I resigned from the state after 20 years of service and started at Bloemsec and have not regretted a day. The best part is that the people who work with me became like a family. My brother (Willie) would have been so proud to see how well Bloemsec is doing. "Winners are the people who keep trying".

Amanda Fourie  
18 Years

I started working at Bloemsec 18 years ago on 24 May 2004. I applied for a reception post, but after the interview with the Directors Willie and Liesel Coetzee, they decided I was too "stern" to be a receptionist – they were going to use me at Collection on the Accounts.

I worked and proved to be an asset in Bloemsec. I know virtually every facet of Bloemsec and can proudly say today that I am part of this phenomenal winning team.

Bloemsec is growing every day and the training that each staff member receives, with the latest technology, makes us rise far above our opposition. My motto in life is – do what you have to do and a little more and you will be successful!

## Technical Manager Ruanne Rademeyer

Ruanne Rademeyer is the Technical Manager of Bloemsec as well as one of the Directors of Bloemeye. I started working at Bloemsec in 2006 as a young man where I learnt the trade as a wireman. I left Bloemsec in 2008 trying to seek greener pastures. In 2018 I rejoined Bloemsec knowing that I am home. Bloemsec invested in Bloemeye and I saw potential and invested in the company as well.

Today I am one of the proud Directors of a very renowned company, Bloemeye.

What I do I do with a passion and enjoy what I do.
